

## TURBINE™ CORE

• Turbine™ core provides ample flare potential to ensure fresh coverstock is always touching the lane

Lbs.	RG.	Diff.
16	2.53	0.040
15	2.55	0.038
14	2.58	0.035
13	2.68	0.018
12	2.70	0.021

### COVERSTOCK

- U2S™ Urethane
- Urethane coverstock gives ultimate control throughout
- Amazing ability to tame over-reaching back-ends without sacrificing hitting power

**FACTORY FINISH: 2000-grit Abralon®**

• Great choice for bowlers looking to control back-end motion, conquer extreme wet-dry lane conditions, excel on shorter oil patterns, and/or taming down high friction lane surfaces

### OUT OF BOX CHARACTERISTICS
